

Making payments work

*Join the PA EU, for your industry for your
business and for you.*

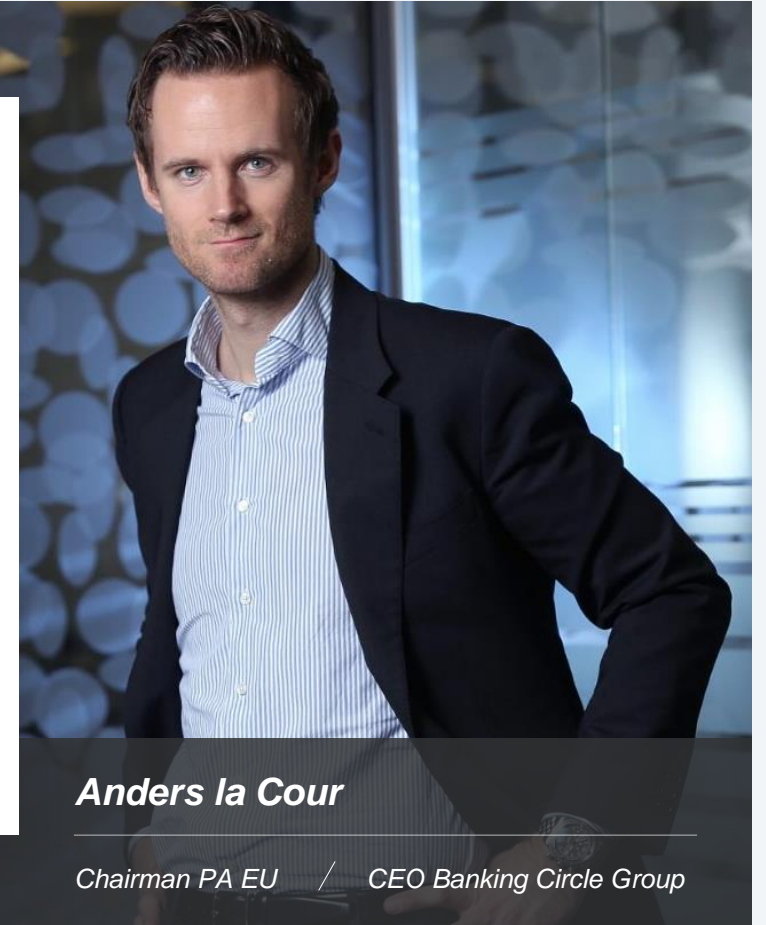

the payments association

“The PA EU brings together the payments ecosystem which is an essential service to our industry. By giving access to a breadth of knowledge and expertise, a strong united voice and an influential network, we create a place where, together as an industry, we can make a difference.

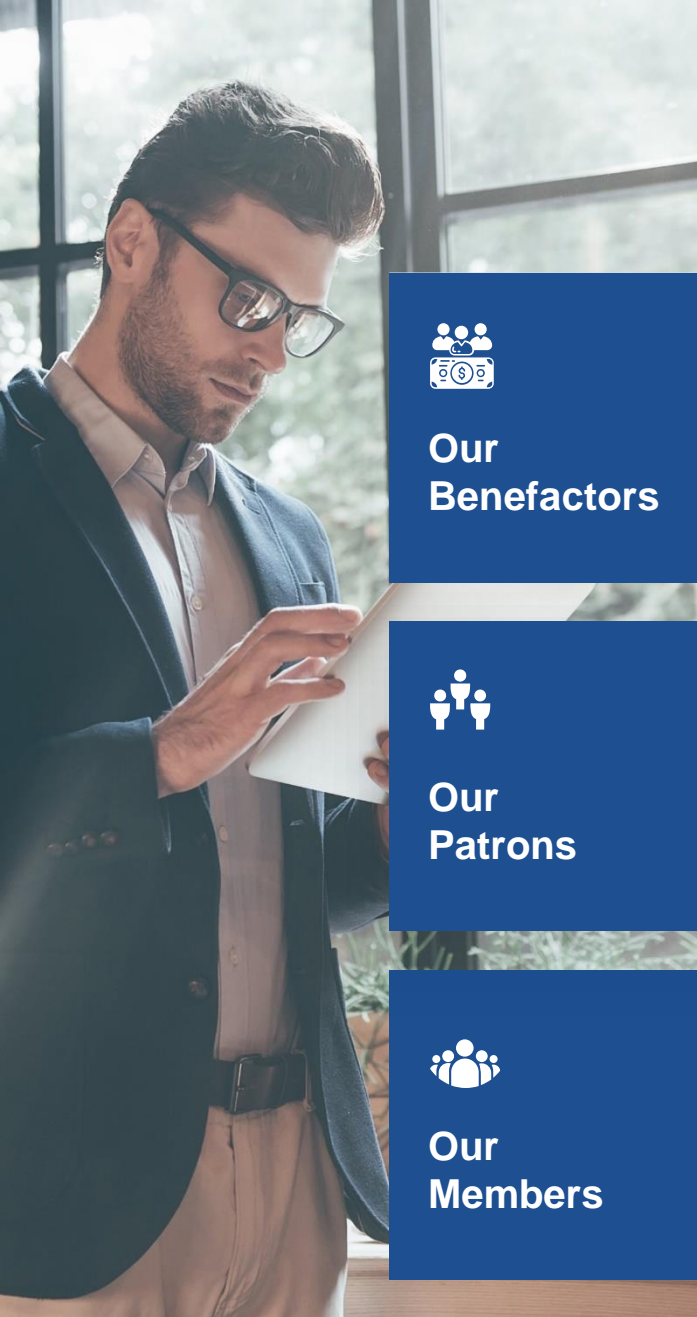

I believe that belonging to the PA EU gives us a chance to contribute to the world around us. To influence who adopts Payments Association products and services. And to help improve lives everywhere. **If you want to effect change within the industry, join the PA EU.”**
